

PREparing for a Long-Term EU-AU Research and Innovation Partnership on Renewable Energy

Draft #1 Strategic Workshop Agenda 6-7 December 2018 | Brussels

Version 01 | 21 Nov. 2018

Venue: InnoEnergy - EU Business Unit | Guimard, 7 | 1040 Brussels - Belgium

Format

- 1,5 day workshop
- Coordinated by T3.1 co-leaders
- Sessions will be facilitated by PRE-LEAP-RE partners
- Minutes will be written and sessions being facilitated by identified PRE-LEAP-RE partners

Invitees

- Stakeholders who expressed their interest to participate in the EJP-LEAP-RE process
- Initiatives suggested in D1.1 Ecosystem Analysis (???)
- AU-EU HLPD representatives
- Interested AU and EU member states ministries related to STI and RE

Aim of the workshop

The workshop will contribute to the conceptualisation and planning of the envisaged European Joint Programming (EJP)-LEAP-RE and validate agendas on Research and Innovation (R&I) and Human and Institutional Capacity Building (HICB) and Organisational and Funding (O&F) principles. Together with relevant stakeholders it will also consolidate the network-building objectives of this work package. Elements of the long-term approach for the AU-EU partnership in RE will be shared, including the Theory of Change and Impact Pathway (TCIP), the Programme & Innovation Cycle (PIMC), as well as the concept of a Knowledge Management and Communication Framework (KMCF) and a draft funding concept. This new partnership will be assisted by valuable lessons learned from existing projects.

Expected Output

- Stakeholders will be informed in detail about PRE-LEAP-RE activities and the options for the envisaged EJP LEAP-RE
- Preparation material of EJP-LEAP-RE for the 1st workshop will have been commented and developed further
- The way forward will have been discussed, including the format and concept of workshop #2
- Suggestions for a coordinating institution of the EJP-LEAP-RE will have been made
